AVISS00090 Remotely Piloted Aircraft Systems Observer Skill Set

AVISS00090 Remotely Piloted Aircraft Systems Observer Skill Set

Modification History

Release	Comments
1	This skill set was first released in AVI Aviation Training Package Release 12.0.

Description

This Skill Set reflects the work required by people who operate aeronautical radio communications, apply situational awareness in remotely piloted aircraft systems (RPAS) operations, and participate in basic workplace communications as part of their role within RPAS aviation operational environments.

Licensing/Regulatory Information

Individuals should ensure they have read the part of the Training Package that outlines licensing and regulatory requirements. Individuals seeking certification should check with the Civil Aviation Safety Authority or Defence aviation for specific requirements.

Pathways Information

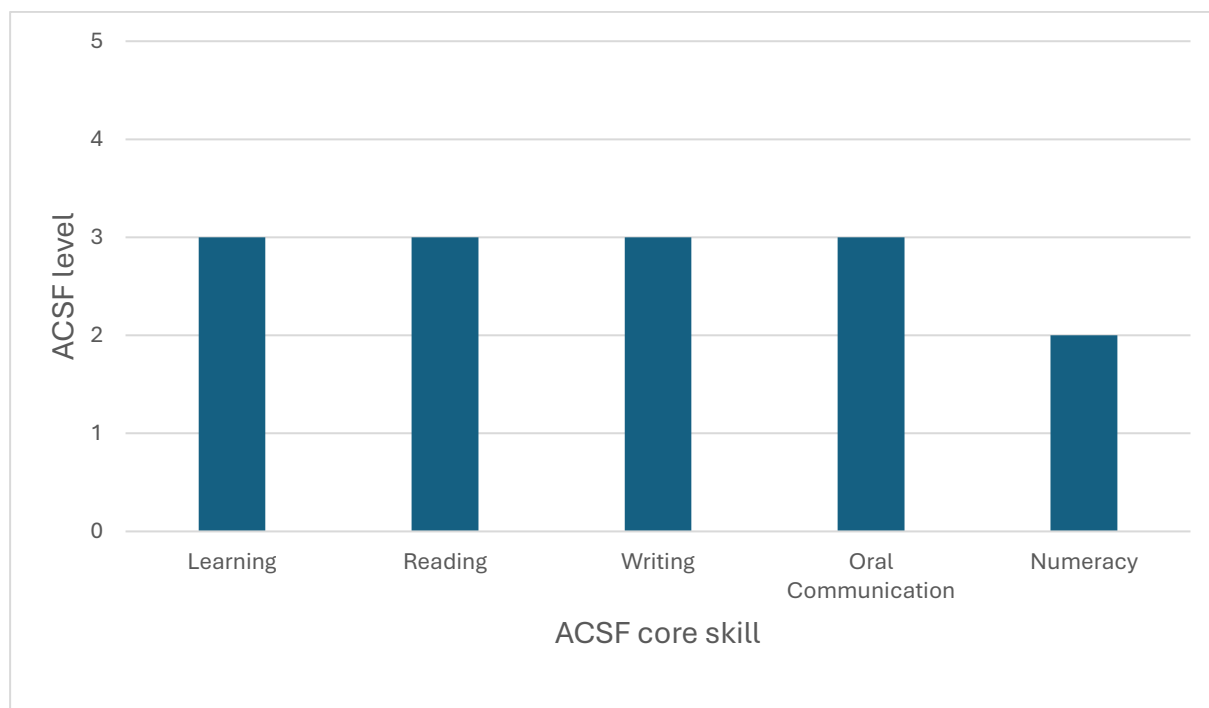

The AVISS00090 Remotely Piloted Aircraft Systems Observer Skill Set is part of the Certificate III in Aviation Remote Pilot in the AVI Aviation Training Package.

Entry Requirements

There are no entry requirements for this skill set.

Foundation Skills Outcomes

The foundation skills outcomes in this skill set are outlined below.

The Foundation Skills essential for successful completion of the units in this Skill Set are mapped to the Australian Core Skills Framework (ACSF) and the European Digital Competence Framework (DigComp 3.0).

Digital Skills (DigComp 3.0)

Basic: CS2.4.03: Acknowledge the importance of effective communication skills for successful collaboration in digital environments.

Basic: CS3.4.04: Represent simple sequences symbolically, interpret simple symbolic sequences, and give basic instructions to a computer to perform simple tasks.

Int: CS2.4.04: Create, manage and contribute effectively to simple collaborative tasks in digital environments.

Int: CS4.4.10: Assess and apply a variety of strategies to reduce the environmental impact of one's use of digital technologies and digital devices.

Skill Set Requirements

Code	Title
AVIE0003	Operate aeronautical radio
AVIF0050	Manage human performance factors for remotely piloted aircraft operations

TLIE1003	Participate in basic workplace communication
----------	--

Pre-requisite Requirements

There are no pre-requisites associated with units packaged in this skill set.

Skill Set Mapping Information

Previous Code and Title	Equivalence	Comments
AVISS00057 Remotely Piloted Aircraft Systems Observer Skill Set	Not equivalent
